

Deja Vu
By Mehitabel Glenhaber

or so I thought, until later that day when...

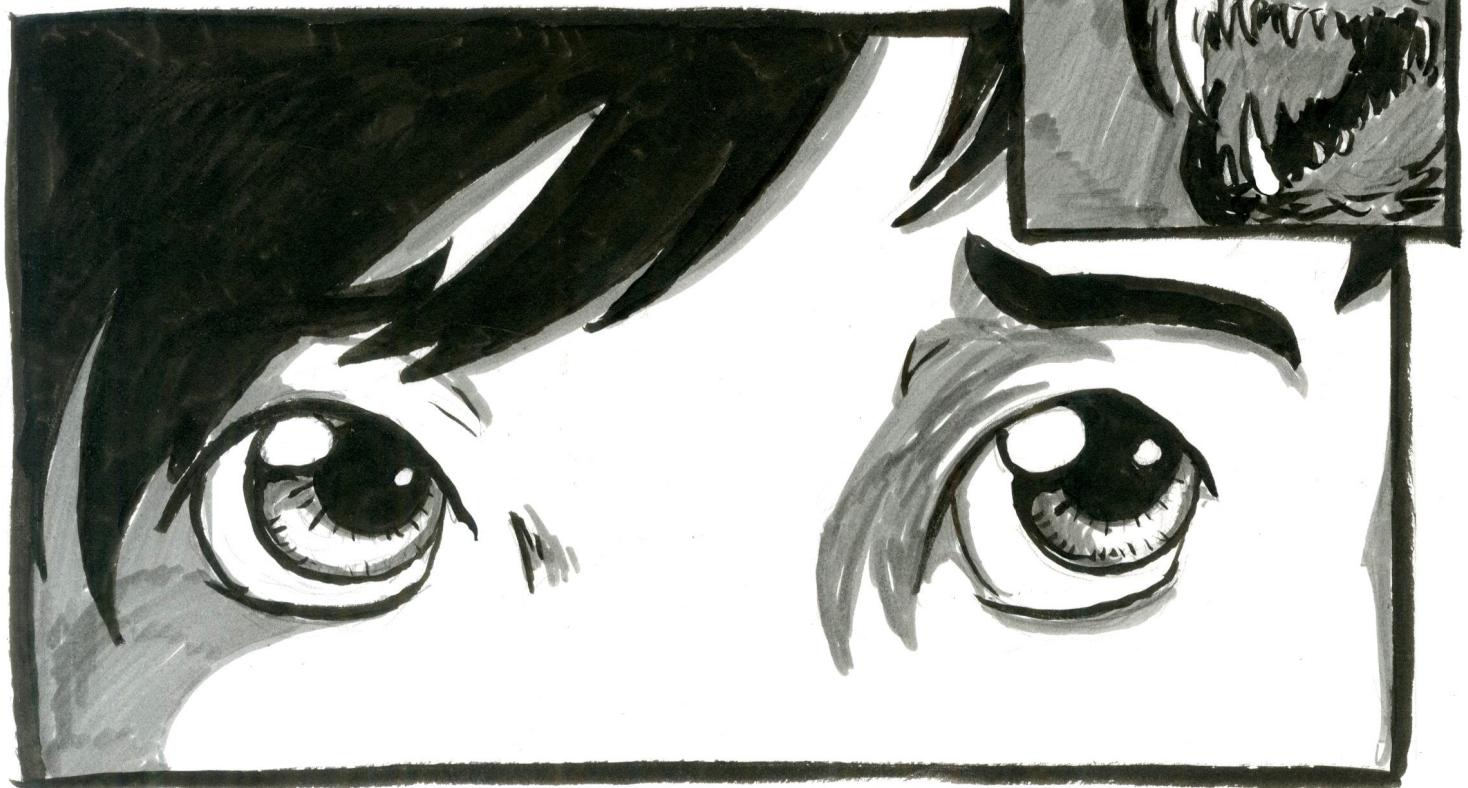

Until one day...

But that dream... that...

That couldn't possibly be predicting reality, right?

But that...

... this can't be happening!

Unless... my dreams aren't predicting anything...

they're ... coming true!

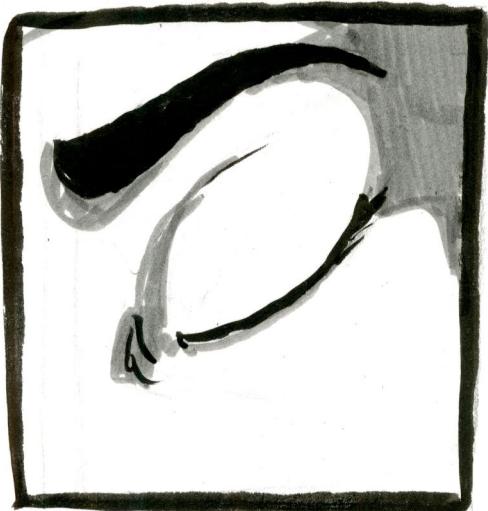

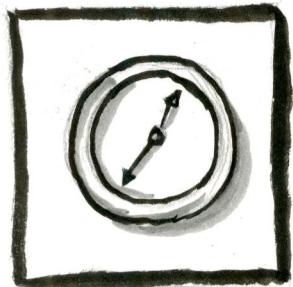

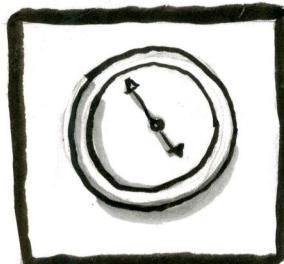

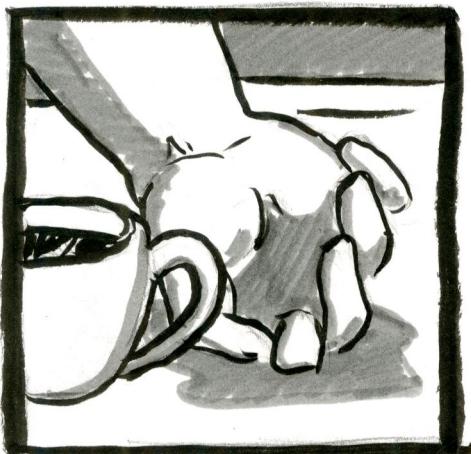

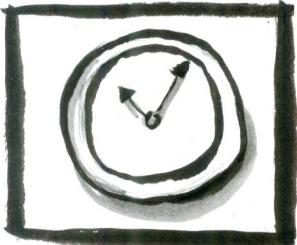

I will not

I can't...

...sleep!

AH!

That was close!

I almost
fell asleep.
Thank God
I didn't have
time to
dream
